Dear Mr. Young:

This is in response to your communication of January 29, 1999 regarding our 30 Day Post Election Report. The In Kind contributions from the Credit Union Legislative Action Council (see copy attached) were not reported to us until several days AFTER the November 3rd election, thus we were unable to include them in our 48 Hour notices.

When any group holds a fundraiser for Congressman LaFalce, unless I am advised otherwise, I await bills for related costs (e.g. catering, postage, etc.) and then pay them immediately. No expense statement of any kind was sent to us in advance of the fundraiser or in advance of the election. I hope this explains our failure to report, until after the election, these In Kind contributions. You will note that the last expense shown on the attached sheet was dated October 30, 1999, the Friday prior to the election. I hope this communication clarifies the matter.

Thank you for your review of the circumstances.

Sincerely,

Roger A. Marchione, Jr.
Treasurer
